

# Our Verizon Business Co-Workers Stood Together and Asked Verizon for Union Recognition

## NOW IT'S OUR TURN TO SHOW VERIZON THEY HAVE OUR SUPPORT!

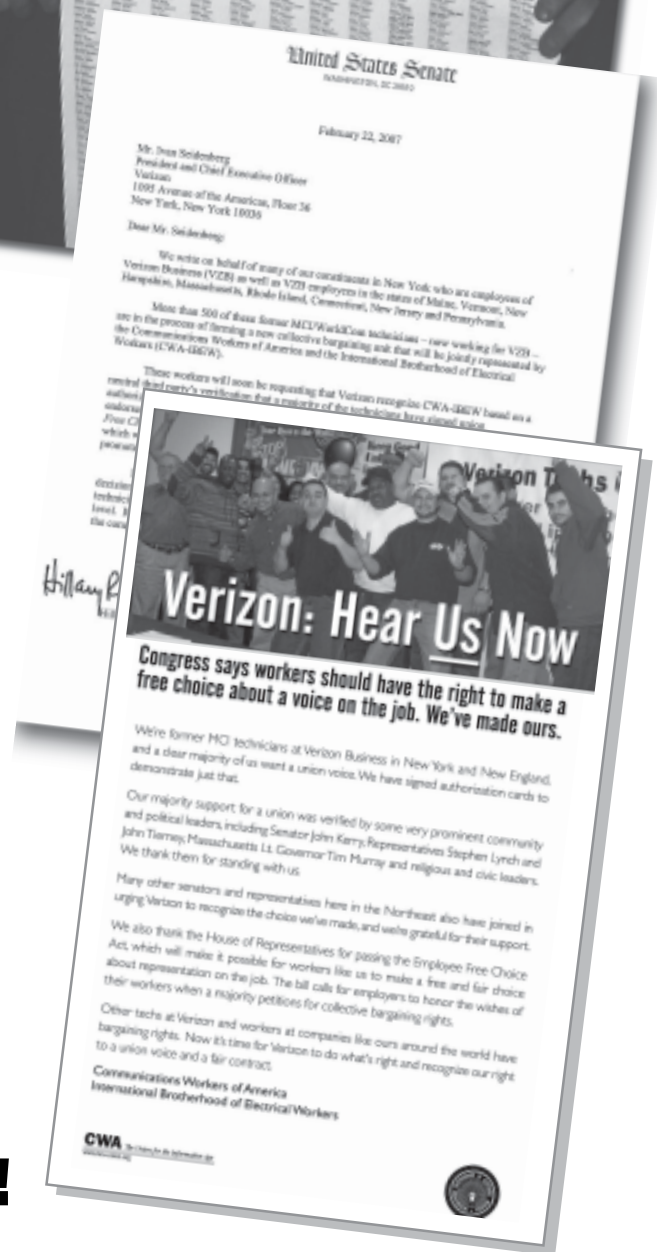

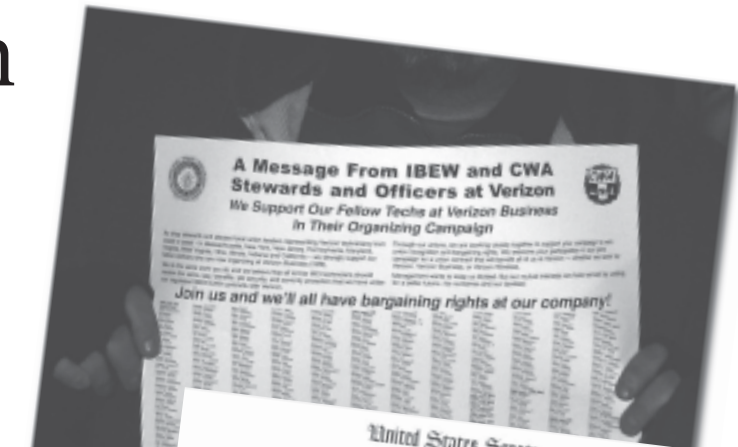

**AS UNION MEMBERS AT VERIZON**, we know the power we gain when we've stood together. We've beaten back cutbacks in our health care, illegal layoffs, and reductions in our job security.

Today, it's just as important for our future that we stand behind – *and show our strong support and unity with* – our Verizon Business co-workers. On March 4, a majority of VBZ technicians in New York and New England signed cards showing they want a union. They asked Verizon to respect their choice, recognize their union, and begin contract negotiations. Watch their cards being verified at our Verizon Business workers' website, **[www.FREECHOICEATVERIZON.COM](http://www.FREECHOICEATVERIZON.COM)**.

In the face of intense pressure from management, the workers stood together and publicly supported a union in a mission statement (above right). Members of Congress (right) have since urged Verizon to respect the workers' choice and recognize their union.

We need to show Verizon that we support our VZB co-workers too. Their success depends upon our standing up and demonstrating our support. If they succeed our union and our voice will grow 15,000 workers louder at Verizon.

Let Verizon know that we stand behind our Verizon co-workers. The company has tried to separate us, yet we both do the same work for the same company. **TOGETHER, LET'S TEAR DOWN THE WALL!**
