

**DID YOU KNOW VERIZON WILL NOT  
BE SENDING YOU HEALTHCARE  
COMPARISON CHARTS THIS YEAR?  
CALL THIS NUMBER NOW AND STAY INFORMED!**

**1-877-Ask-VzHR (1-877-275-8947) Mon-Fri 8AM-6PM**

Verizon is going to save that money at your expense. Verizon has made some unilateral changes to the HMO plans such as \$150 for hospital admissions starting in 2008!

Please review your plans and also check to make sure your dependent coverage is correct. You will not get the form that shows who is covered by your plan either.

Verizon expects everyone to have the internet. We know that is not true!

**Open Enrollment: October 17-30**

Show Verizon we are not going to take this! Our contract expires in less than a year and we are already seeing changes to our future healthcare benefits!

Please call Verizon and request the comparison charts even if you're not making changes.

After you are done with them please recycle them and give them to your union steward.

**We will be using the charts for a Mobilization activity.....**

Remember it takes 7 to10 days to receive the charts so you need to call today!

Verizon also has denied some of our Brothers and Sisters charts when they called for them. If this happens to you report it immediately to your union steward!
